6. WILDLIFE

While in Lake Tahoe you may be lucky enough see some of the Basin's wildlife. Be careful and know we accept no liability to damage or injury caused by such wildlife. Do not approach wild animals. Do not store any food or trash outside (use bear box). DO NOT FEED THE WILDLIFE ...not the birds....not even the cute little critters. Feeding wildlife is dangerous, causes harm to animals, and is punishable by law. When animals are fed human food/trash it disrupts their ability to cope in nature. They begin to rely on or expect the food/trash and may become destructive, dangerous or ill and could result in the end of their life. Respect and keep the wildlife...wild! Please help the wildlife by properly informing your guests on how the effects human food and trash has on Lake Tahoe's natural environment.
